

FREEDOM TO CHOOSE

National Faith HomeBuyers programs and services are designed to provide education and support towards the purchase of your first home. It is our goal to provide you, with experts in their field, so that you may learn as much as possible about your housing options to empower you with timely accurate information that will empower you to make educated and informed decisions for you and your family.

We encourage you to thoroughly evaluate mortgage loan products and lenders. You are free to choose your home, your lender and your realtor, regardless of any recommendations made to you. At National Faith Homebuyers we are happy to refer you to professionals we know who are honest and fair, but ultimately *you choose* who you will work with.
